

## Care Instructions

Hand brush or vacuum regularly, best twice a week

If a liquid is spilled onto the rug, blot immediately with a clean undyed cloth

Avoid using harsh chemicals when removing stains

Do not soak in water and avoid damp areas

Occasional professional rug cleaning is recommended. Do not dry clean

Rotate regularly to ensure even exposure to sunlight

## How to Remove Creases

- Lay the rug flat on the floor, and the creases will gradually disappear with daily use.
- Put the carpet on a flat floor and weigh it down with heavy objects for two days.
- For faster crease removal, iron the rug through a damp towel to protect the fabric.

## About Color Difference
